

Cincinnati Police Department  
**STAFF NOTES**

January 1, 2015

*Jeffrey Blackwell, Police Chief*

**I N S I D E**

**Planning Unit**

- [Training Bulletin #2015-01, Language Interpreters \(Revised\)](#)

**Emergency Communications Center Liaison**

- [Officer Safety Reminder](#)

**Chief's Office**

- [S.T.A.R.S. Data](#)

1. **TRAINING BULLETIN #2015-01, LANGUAGE INTERPRETERS (REVISED)**

Attached to these Staff Notes is Training Bulletin # 2015-01, Language Interpreters (Revised). The Department has contracted with a new service for communication with Limited English Proficient (LEP) and deaf/hard of hearing individuals. **Global to Local Language Solutions (G2Local)** can be reached locally at (513) 526-5011 or at (877) 353-9129, 24 hours a day, seven days a week, for in-person interpretations as well as services via telephone. G2Local should be utilized when a Volunteer Interpreter (VIP) is not available, or when an interpreter is needed for interviewing suspects. Officers will be prompted to enter the Cincinnati Police access code for telephone services. The access code is 4087. In-person interpretations will require a Form 630 be completed. In the event the in-person interpretation service is needed immediately, a supervisor must be advised and the Form 630 may be submitted after the service is received.

Revisions to Procedure 18.103, Communication with People Who Are Deaf or Hard of Hearing and Use of Foreign Language Interpreters, will be published in forthcoming Staff Notes. Supervisors should complete a check off list to accompany this training bulletin to ensure all personnel have reviewed the bulletin. Completed check off lists shall be maintained in the district/section/units of assignment.

2. **OFFICER SAFETY REMINDER**

Department supervisors and officers are reminded of the importance and the requirement to provide accurate information on daily lineups submitted to the Emergency Communications Center (ECC). Especially critical to maintaining officer safety is ensuring each officer's correct **radio number** is listed on the lineup.

When an officer receives a temporary "loaner" radio, they are advised to notify their supervisor of the new radio number and also of the need to log off and re-log with the new radio number. The supervisor must revise the **daily, monthly and the master lineup** with the new radio number. This includes any future lineups already posted in the "Lineups to ECC" folder on the H: drive. The same process must be completed when the officer's permanent radio is repaired and returned to them.

January 4, 2015, is the Department's annual "Change Day", based upon the recent shift selection process. It is recommended for supervisors to utilize this opportunity by requiring officers to review their unit's "Master Lineup" during roll call. Officers should verify the listed radio number, Department ID number and other pertinent information, and provide corrections where necessary.

3. **S.T.A.R.S. DATA**

Attached to these Staff Notes is the most current Strategic and Tactical Analytic Review for Solutions (STARS) Data. Department personnel are directed to review this information to ensure they remain familiar with crime patterns and trends occurring within the City and their areas of responsibility.

# Training Bulletin

## LANGUAGE INTERPRETERS (REVISED)

# 2015-01

January 2015

### Purpose

To provide information to police personnel who may encounter situations where an interpreter is needed to communicate with Limited English Proficient (LEP) or deaf/hard of hearing individuals.

### References

Cincinnati Police Department

- Procedure 18.103 – *Communication With People Who Are Deaf or Hard of Hearing and Use of Foreign Language Interpreters*

Title VI of the Civil Rights Act of 1964

### Information

In 2000, Title VI of the Civil Rights Act of 1964 was amended to prohibit national origin discrimination against persons with Limited English Proficiency (LEP). This action was prompted by the recognition that language can be a barrier to LEP individuals accessing important services. It is the responsibility of all recipients of federal funding to ensure the LEP population is not denied access to services or information about services. The provision of competent language assistance (when needed) is part of this responsibility.

### Discussion

#### **What assistance is available to an officer when interacting and communicating with LEP individuals?**

The Cincinnati Police Department currently has two means of communication assistance when interacting with LEP individuals:

- 1) The **Volunteer Interpreter Program (VIP)** is available to assist all Department members with interviews and completing reports for victims and/or witnesses of a crime. VIP's are **NOT** to be used to interview or question suspects. This program should be an officer's first choice when requiring this type of service.
- 2) **Global to Local Language Solutions (G2Local)** can provide an interpreter and/or translator when an officer encounters LEP or deaf/hard of hearing individuals. G2Local provides services in over 150 foreign languages, as well as in American Sign Language (ASL).

G2Local is able to provide contract services to the Cincinnati Police Department either in person or over the telephone. In most cases, officers can obtain services in less than one hour.

### How do I get in contact with an interpreter?

A volunteer from the VIP program can be reached by contacting the Emergency Communication Center (ECC). If a VIP is unavailable, officers should call G2Local.

G2Local can be reached at **(513) 526-5011**, or **(877) 353-9129**, 24 hours a day, seven days a week, for in-person interpretations and services over the telephone. If after normal business hours, officers will be connected with an after-hours dispatcher. Officers will be prompted to enter the Cincinnati Police access code for telephone services. The access code is **4087**. **To request in-person interpretations a Form 630 must be completed.** If the in-person interpretation service is needed immediately, a supervisor must complete a Form 630, which may be submitted after the service is received.

### What are some tips for working with an interpreter?

- Give the interpreter specific questions to relay.
- Group your thoughts and questions to help the flow of the conversation.
- Expect interpreted comments to run a little longer than the English phrases, as interpreters convey the meaning and do not interpret word-for-word.

- If you do not know which language your LEP individual speaks, ask the interpreter coordinator to help.
- Try to speak at an even pace and make pauses for interpretation.
- Interpreters merely transform information from one language into another. Do not hold the interpreter responsible for what your LEP individual does or does not say.
- Always remember to speak in first person as you would during a normal conversation.

### Is it suitable to use friends or family members as interpreters?

It is not recommended to use friends or family members as interpreters. These individuals are not neutral and are not trained in legal translation. They could possibly be a potential suspect themselves.

The friends or family members of the LEP individual may be used in case of imminent harm or a medical emergency. They may also be useful for immediate information gathering.

### Summary

Law enforcement officers are encountering LEP and deaf/hard of hearing individuals with increasing frequency. These individuals may be victims, suspects, witnesses, or otherwise related to an officer's official duties. In any case, it is important that officers be able to interact and establish lines of communication with all individuals.
